1. I spoke SDI sharing stud	with about our representation on the y. As you know, some of people have been neetings thus far.	25X ²									
has convinced me that it is important to have someone attend who has some political savvy to watch out for your interests. I propose teaming person from OSWR, who is more than capable of providing the technical side. (Art, you may recall, is General Walters' confident on SDI matters.) With the two of them, I believe we will be well represented for the study.

MEMORANDUM FOR: Deputy Director of Central Intelligence

Deputy Director for Intelligence

FROM:

Director of Central Intelligence

SUBJECT:

Sharing SDI

1. John McTague, the acting White House Science Advisor, called me about the White House directed study on how to go about sharing SDI. He would like to have us name somebody to work with that group. I would think it should be either somebody would designate, or perhaps that perhaps both. The person should certainly have technical and scientific competence.

2. At Dr. McTague's request, Lt. Col. Michael Randine (General Abrahamson's office) and Lt. Col. Joseph Bailey will be here on Monday, 12 May, at 1600 hours for a briefing in preparation for an upcoming NSC meeting. I told McTague I would have a recommendation to make to Colonel Bailey at that time.

William J. Casey
